WHO WE ARE

An independent, not-for-profit public policy think-tank

Dedicated to researching and finding best practice solutions in relation to cross-cultural interaction and integration issues in Australia.

Culture Bridge has a particular focus on domestic and international student integration within the higher education context.

OUR WORK

Culture Bridge seeks to work hand in hand with faculties and universities to help bring together international and domestic students on campuses.

Each branch will develop unique recommendations to present to faculty heads based on research, surveys, interviews amongst other methods.

OUR HISTORY

Culture Bridge was established in early 2017 at Melbourne University and has since expanded to ANU, UNSW and Monash.

We have grown our team and now have close to 90 students involved in our work.

OUR VISION

- Inspire Universities across Australia to enact change.
- Inspire government and private industry to become more culturally aware and integrative.
- See greater understanding on a national level of the need for cultural competency and intercultural networks.
- Become a leading knowledge hub on the issues of cultural integration within Australia.
